Explanation of Charges

Verizon Wireless' Surcharges

Verizon Wireless' Surcharges include charges to recover or help defray costs of taxes and of governmental charges and fees imposed on us, including a Regulatory Charge (which helps defray costs of various regulatory mandates, including government number administration and license fees) and a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover costs imposed on us by the government to support universal service, and may include other charges also related to our governmental costs. It also includes an Administrative Charge, which helps defray certain costs we incur, currently including (i) charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers, (ii) fees and assessments on network facilities and services, and (iii) certain costs and charges associated with proceedings related to new cell site construction. Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.

Taxes, Governmental Surcharges and Fees

Includes sales, excise and other taxes and governmental surcharges and fees that we are required by law to bill customers. These taxes, surcharges and fees may change from time to time without notice.

Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

Verizon Wireless' Other Charges and Credits

Includes charges for products and services, and credits owing.

Need-to-Know Information

Limiting Notations on Payments

Because we use automated bill payment systems, written instruction or notations that you include with or on your payment won't reach us. You must send such correspondence to the Correspondence Address on Page 2 of your bill. Please note that we will not honor limiting notations you make with or on a payment.

Electronic Fund Transfer (EFT)

Your check authorizes us either to make a one-time electronic funds transfer (EFT) from your account or process as a check. An EFT may be withdrawn from your account the same day you make your payment and your check is not returned to you. If you want to be excluded from EFT, please call 1-866-544-0401. If payment is returned unpaid, you authorized us to collect an additional \$25 fee through EFT from your account.

FUSC Change

The Federal Universal Service Charge (FUSC) is a Verizon Wireless charge that is subject to change each calendar quarter based on contribution rates prescribed by the FCC. On October 1, the FUSC decreased to 2.30 percent of assessable wireless charges, other than separately billed interstate and international long distance charges. The FUSC on these charges decreased to 11 percent. For more details, please call 1-888-684-1888.

Notice of Regulatory Charge Increase

The Verizon Wireless Regulatory Charge helps defray Verizon Wireless' ongoing costs of complying with various regulatory mandates. Because the costs of complying have increased, beginning November 15, 2007, the monthly Regulatory Charge will increase from \$0.04 to up to \$0.07, depending upon the actual costs of complying with these programs. For more information regarding this charge, call 1-888-684-1888. Please consult your Customer Agreement for information about rate changes.

Important Reminder About Mexico International Roaming Rate

As we noted in your May bill, effective July 1, 2007, international roaming rates for making and receiving calls while traveling to Mexico changed from \$0.69 per minute to \$0.99 per minute. Global Phone GSM airtime rates were not impacted by this change. For more information, please visit www.verizonwireless.com/international, scroll down and select 'Use your existing Verizon Wireless phone'.

Attention Customers Making International Calls

The international long distance rates for calls from the USA to any of the covered International countries are changing. Effective Nov. 11, 2007, the charge for an international long distance call you place will depend on whether you are dialing a landline or wireless phone number. Beginning Nov 11, 2007, the International Long Distance rates for calls to both landline and wireless phones will be available at: www.verizonwireless.com/international. Scroll down & click on the "Make calls to other countries" link for rate detail by country.

Important Reminder About Calling to Mexico phone numbers

As we noted in your April bill, the international long distance charge for calls from USA to mobile numbers in Mexico changed due to Calling Party Pays regulation instituted by Mexico FCC. Since July 21, 2007, an additional charge of \$0.15 per minute applies for all calls with dialing pattern "52+1+Area Code + telephone number." This additional charge does not apply for calls to phone numbers with dialing pattern "52+ Area Code + telephone number." To view International Long Distance rates, please visit www.verizonwireless.com/international, scroll down and select 'Make calls to other countries'.
